

Nicola for Green Officer

What I will do:

- ☼ Increase awareness of climate change and environmental issues and how each of us can do our bit to help
- ☼ Promote energy and water saving measures
- ☼ Promote NUS Student Switch Off – one day we will win the ice cream!
- ☼ Increase animal habitats in college

I will aim to establish:

- More bird houses and a provision of bird food through-out winter
 - Less leaf blowing – decaying leaf matter (eg under hedges) provides habitats for many insects and hedgehogs (and leaf blowing is annoying)
- ☼ Look into food waste bins in gyms around college and in hostels
 - ☼ Continue to promote recycling around college, especially in the JP
 - ☼ Keep the green constitution up to date

Encourage more birds in college.

A relevant picture of me dressed as a teletubby.

Wrapping up warm and turning off the heating!

About me:

I'm Nicola Elliott, a 2nd year Medic. I would love to be Green and Ethical Affairs Officer because I'm really enthusiastic about the environment and committed to helping reduce Pembroke's impact on the environment. I'd also really enjoy being involved with the JPC. I dressed up as Dipsy (the green teletubby) for BOP last year, which shows my commitment to all things Green.
